

35 years
End to End

**COMMODITY
CABLES, INC.**

SYSTEM WARRANTY

The intent of this warranty is to create a flexible alternative to the standard "Brand" name versions of System Warranties basically eliminating the need for many points of contact when and if the need arises to resolve a cabling system performance failure.

Commodity Cables, Inc. will hereby warranty the entire passive end to end structured cabling products including the connectivity components if used with our cable in the installation.

The warranty will be good for **35 years** from the date of approved testing. Test results will have to be submitted to **Commodity Cables, Inc.** for verification and final approval.

In the event of a reported cabling system performance failure, **Commodity Cables, Inc.**, will contact the project installer and have them troubleshoot the problem. The contractor will report the problem to **Commodity Cables, Inc.** and receive approval to fix the problem. The contractor will be compensated for their labor and materials based on a standard rate applicable at the time.

Connectivity products chosen for the installation must meet the minimum standards of TIA and be a recognized company by *Bicsi*. The installer must possess a valid active certificate from any accredited manufacturer or *Bicsi* related training.
